

FIRST IANNA-IRENA WORKSHOP
June 9-11, 2024
UNIVERSITY OF NOTRE DAME

FIRST CIRCULAR, Nov. 30, 2023

The first IANNA-IRENA workshop on new reaction rates for Nuclear Astrophysics is being organized as a collaboration between IANNA (Ibero American Network of Nuclear Astrophysics) and IReNA (International Research Network for Nuclear Astrophysics), with main co-sponsorship from IReNA.

It will be held during June 9-11, 2024, in the Embassy Suites by Hilton South Bend at Notre Dame, US, just across from the campus of the University of Notre Dame. We are looking forward to one day of welcoming and registration and two days of fruitful presentations, engaging discussions, and valuable networking opportunities.

The workshop will aim at discussing applications of nuclear reactions and the respective rates for Nuclear Astrophysics and, in particular, to gathering ideas and efforts of IANNA members to propose possible experiments at the stable and radioactive ion beam (RIB) facilities in US.

[Date and venue](#)

Date : June 9 – June 11 2024

Venue: Embassy Suites by Hilton South Bend at Notre Dame, US

[Registration and fee](#)

In order to participate, a registration is requested (registration form available at the Workshop website: <https://sandbox.getindico.io/event/3331/>).

A fee of **\$200 USD** per participant is also requested. It includes a welcome reception on Sunday evening, breakfast on Monday and Tuesday, coffee breaks, and a conference dinner on Monday.

[Organizing Committee](#)

Luis Acosta, Instituto de Física, UNAM, México and IEM-CSIC, Spain (chair)

Richard James deBoer, University of Notre Dame, US (co-chair)

Elí F. Aguilera, Instituto Nacional de Investigaciones Nucleares, México

Leandro Romero Gasques, Instituto de Física, Universidad de Sao Paulo, Brazil

Andrés Arazi, Lab TANDAR, Comisión Nacional de Energía Atómica (CNEA), Argentina

Daniel Galaviz, Lab de Instrumentación e Física Exp de Partículas (LIP), Portugal

Marcos Aurelio González Álvarez, Universidad de Sevilla, Spain
