

# First IRENA-IANNA Workshop

## Monday, June 10, 2024

### Session 2 (11:40 AM - 1:35 PM)

time	[id] title	presenter
11:40 AM	[35] Isomers in nuclear astrophysics	ALMARAZ-CALDERON, Sergio
12:10 PM	[38] Continuum energy representation to study structure and reaction properties of loosely bound nuclei	Dr ID BETAN, Rodolfo
12:40 PM	[30] How can inclusive Coulomb break-up measurements help in determining astrophysical radiative capture reaction rates?	RODRÍGUEZ-GALLARDO, MANUELA
1:10 PM	[27] Extending radiative transfer simulations in kilonovae towards non-equilibrium regimes	FERREIRA DA SILVA, Ricardo
