

# **Mobilities and Infrastructures: Transitions and Transformations**

**Monday, 23 September 2024 - Wednesday, 25 September 2024**

**Lancaster University Leipzig**

## **Scientific Programme**

**Contestations around mobility and infrastructures**

**Longue durée perspectives on green transitions**

**Mobility and infrastructures in front of climate emergency**

**Time, temporalities, transitions**

**Mobility technologies: technical fix, technological pessimism, shock of the old, and resistances to it**

**Global and regional approaches, including e.g. post-Soviet or Sub-Saharan perspectives**

**Global politics and geopolitics of mobility and infrastructures**

**Mobility transition versus mobility transformations**

**Imperial, trans-imperial and (post)colonial infrastructures**

**Metaphors of mobility – highway, railroad, route and network.**

**Mobility in culture: literary, musical, artistic perspectives**

**Arts and creativity towards transformation**

**Activism around mobility and infrastructures**

**Mobilities on the margins and mobility justice: Race, gender, ethnicity, disability and othering**
