

Global Congress on Forensic Science and Research (Forensic Research-2025)

The Iconic Meetings cordially welcomes you to the Global Congress on Forensic Science and Research (Forensic Research-2025), taking place from November 13-15, 2025, in Valencia, Spain. This prestigious conference serves as a dynamic platform for forensic scientists, researchers, academicians, law enforcement professionals, and industry experts to engage in discussions on the latest advancements and challenges in forensic science. With a focus on innovation, collaboration, and knowledge exchange, Forensic Research-2025 will cover a diverse range of topics, including DNA Analysis, Crime Scene Investigation, Forensic Toxicology, Digital Forensics, Ballistics, Forensic Pathology, and much more. Through keynote sessions, panel discussions, and interactive workshops, attendees will have the opportunity to explore cutting-edge research, groundbreaking technologies, and practical applications in the field of forensic science.

We invite young researchers, students, professionals, and industry leaders to join us in Valencia to foster meaningful collaborations, share insights, and contribute to the evolution of forensic science. Your participation will be instrumental in shaping the future of forensic research and its impact on criminal investigations and justice systems worldwide.
